AI REASONING

Currently low risk while the engine continues to track cross-border route for ongoing audit traceability.

LEGAL BASIS

- AML6 - High-Risk Factors / Cross-Border Review
- EU AI Act Art. 13 - Transparency & Explainability
- AVNT / KGK / ISA Audit Readiness

NARRATIVE

This transaction does not present any compliance red flags. The customer is classified with a medium risk level, but all relevant checks, including KYC, sanctions, and source of funds, have been satisfactorily completed. The case is operationally compliant.

RECOMMENDED ACTIONS

- Review business transactions periodically for compliance [low / open]
- Maintain regular updates on KYC documents [low / open]
- Continue monitoring for any future transactions [low / open]

NOTES

Normal case
